

Lemon Grove Review

VOL. 7; NO. 19

LEMON GROVE, CALIFORNIA DECEMBER 30, 1954.

10c Per Copy

The Mason LINE

Chan Mason, intrepid hunter, will be sorely missed from his corner this week.

Mason took a hunting vacation into the deep reaches of Baja California, and following the call of the wild goose he came up with 11 dentists of the blue, and with too little time to meet his deadline.

Though his effort will not fill its usual space, he promises to have a column next week that will jump with hominess and erudition... and also a few goose feathers.

BIDS ASKED ON LEMON GROVE FREEWAY

Bids were advertised this week for the work on 2.4 miles of the six lane Portland cement Lemon Grove Freeway, according to the California Department of Highways.

Ralph Luckenbach, assistant chief engineer for this district, said the part to be worked on first is the strip from Euclid to College Avenue. He said that bids would be opened on January 27 and that work should start about 30 days after the contract is awarded.

Luckenbach also said that the job should be completed in about 270 working days.

The strip will extend from about the Rancho Theatre on Federal Blvd., staying on the south side of Federal to approximately the Emerald Hills golf course, then it crosses to the north where it remains. The section under contract ends at College. Included in the bids will be four bridges Luckenbach said. Included will be the College Avenue underpass and the Broadway ramps and overcrossings.

Two million dollars has been budgeted for this work, Luckenbach said.

In this electrical age all it takes to run a house is just to keep plugging.

Final Meeting of Incorporation Group to Be Held At St. John's Church Auditorium Wednesday

The last meeting of the incorporation sponsoring group, Organizations United for Incorporation, will be held Wednesday, January 5, in the auditorium of St. John of the Cross Church, it was announced this week by co-chairmen of the group Bob Gauldin and Forrest Baxter.

An attempt will be made to present as many of the candidates for the various offices as are willing to appear. All those who want part of the program are requested to contact either Gauldin or Baxter.

If the names of all the candidates are available from the reg-

'Bob' Browne, Local Businessman, To Run for Water Board

Robert L. Browne, well known Lemon Grove businessman, said this week that he was running for a seat on the board of directors of the La Mesa, Lemon Grove and Spring Valley Irrigation District.

He said that his aim would be for less oppressive taxes, better water pressure for Lemon Grove and eventually, clean, softened water for the entire district.

Browne, operator of an electrical appliance firm bearing his name, is franchise dealer for Maytag washers and has been operating the business since 1940 when he came to this area.

Browne has been active in many civic affairs and was on a volunteer basis with the Lemon Grove fire department. He is also active in the Lions Club and has gained respect and attention for many of his local philanthropies. He is also on the board of directors of the Lemon Grove Chamber of Commerce.

Married and the father of one child, a daughter who attends the Lemon Grove school system, Browne has sparked several projects aiding local Scouts. He has also contributed many electrical items to needy old people to ease their burden.

Harry Griffen, incumbent, has filed, according to Margaret Penry, district secretary.

Irrigation District election is February 2. Final date for filing is January 10th, 1954.

Auto License Stations To Serve Lemon Grove

The department of motor vehicles announced 12 temporary renewal stations in San Diego area banks, two of which are scheduled to serve the Lemon Grove area. These stations are opened from January 3, through February 4, supplementing the services available in branch offices of the department.

"California banks in the metropolitan areas have contributed a major public service by extending their cooperation annually in the renewal of our state's 6,000,000 vehicle registrations," Paul

Inquiring Photographer SHOULD WE INCORPORATE?

What do average Lemon Grovians think of Incorporation?

The Review sent its inquiring photographer, Hal Lenox, along the main stem of the community one day last week with the assignment to find out.

While many people declined to comment, a reasonable sampling was acquired.

Who these people are and what they said is listed herewith:

Morris Blatt, 7110 Mt. Vernon,

a retired resident, said "It will come eventually... it's only a question of time. Incorporation may cost a little extra at first but it will balance out."

Mrs. Bernard Central Avenue stands astutely against the issue. "Taxes will go higher. We can't have more services without paying more money," said. "I'd rather stay just like we are and not incorporate."

Frank McManus, who resides at the Lemon Grove Trailer Court on Broadway is a Mayfair employee. "I'd like to see the town get incorporated," McManus said. "Anything we do is better than annexing to San Diego and I'm afraid the next step is that unless we incorporate, I believe we

Continued on Eighth page

Candidates Blossoming For City Offices

The Review is attempting to give its readers a vignette of as many aspirants for city council as it can.

There being but one issue of the Review between this and the election, some worthy candidates may not be properly publicized. The deadline for filing is exactly the same time and date as the deadline for news material in the Review that week... January 4 at 12 noon.

However, within the limits of our best ability, we will supply this material as it is made available.

George Wren, assistant registrar of voters, said that approximately 25 nomination forms had been requested, presumably by persons who plan to run.

Those who supplied material to the Review for this week's issue are:

Grocer Tosses Hat In Council Ring

Paul Hendricks, the owner and manager of the Lemon Grove Shopping Center, has announced

candidacy as councilman for the proposed city of Lemon Grove. Hendricks moved to Lemon Grove and built his home here in 1941. He has been married 18 years and is the father of two boys. He purchased the market he operates four years ago.

Friends who encouraged him to run, said his "straight forward, honest approach to all problems would make him a good councilman."

Said Hendricks, "This is my home from now on and if I am elected you may be sure I will work hard for good city government, playing favorites with no individuals or groups. I intend to let people know where their tax dollars are being spent."

The present location has been doubled in size under Hendricks' operation. He recently remodelled into one of the most modern markets in the area.

Physician is in Race For Council

Dr. David W. Wilhite, M.D., a popular young Lemon Grove physician, last week announced his

candidacy for city council. He and his family live at 7676 Madison St., and he maintains an office at 1815 Englewood Dr., in Monterey Heights. He has four children and the stork is winging toward his home for an April arrival.

Dr. Wilhite said that the entire population must derive whatever benefits that should accrue from incorporation, and that it should not be operated just for the benefit or with partiality shown to special groups or interests.

Dr. Wilhite is a member of the Lemon Grove Citizen's Advisory Committee, member of the Elks Lodge. Has hospital affiliations at La Mesa Community and Paradise Valley hospitals. He is also sponsor of a Brownie Troop in Monterey Heights.

His oldest child attends Golden Avenue school.

The family has resided here since Dr. Wilhite began his Lemon Grove practice in 1950.

"Dancing Waters," one of the most popular features at last summer's Southern California Exposition at Del Mar, will be returned this summer, Manager Paul T. Mannen has announced.

Election of officers will be the principal item on the agenda of the Southern California Exposition directory when the group meets in January.

INCORPORATION WON'T EFFECT L. G. SCHOOLS

By BYRON NETZLEY

Supt. L. G. Elementary Schools

How would incorporation affect the schools in Lemon Grove? Despite rumors to the contrary the incorporation of Lemon Grove as a sixth class city will have no effect on the organization of the Lemon Grove School District nor the Grossmont High School District. The matter of incorporation is in no way related to the question of whether high school pupils in Lemon Grove will attend Helix or Grossmont High Schools. This fact may be verified by the County Superintendent of Schools or by the school officials in the districts affected.

Incorporation will have one beneficial effect on the Lemon Grove School District, however, in that the City Council will be a legal body that can negotiate with other agencies in behalf of the school district and may be able to prevent the continued lopping off of portions of the school district which has taken place in the past few years.

LETTERS TO THE EDITOR

Dear Editor:

Mr. Armstrong, I am very happy to see you use those "ifs" and "maybes." It will make your pill a little easier to swallow, come January 10. But I can't understand why you're on the defensive even to a point of accusing the opposition of making false statements even before they have given the people the true facts.

Perhaps you are becoming uneasy because you already know the facts that will be forthcoming shortly.

Frank, please read your last letter over where you state that you hope the controversy remains clean and in the same sentence you imply that whatever the opposition comes out with, it will be false and propaganda.

Frank, you write like a dictionary because the statements you use, gives a good example of the meaning of propaganda.

Anyhow, I wish you a happy New Year.

Red O'Malley

Delphians to Meet Tuesday at Hilltop Chateau

The Delphian Chapter, Alpha Beta Chi, will meet January 4, at 10 a.m. at the Hilltop Chateau. Mrs. Thomas H. Badgett will be the leader. The theme will be "Minority Groups in the United States."

Board members elected for a two year term were: C. V. Eskridge, J. William Clark and Dwight Akers. Board members with one more year to complete their terms are A. Spinazzola, Ludwig Sorlee, and Ted Phillips.

Roy Parker presented a grand prize trophy for the commerce's efforts in the Toyland Parade.

It was decided that a potluck dinner would precede each meeting starting in February.

The Dimmer VIEW

by Max Goodwin

Big newspapers historically generate a lot of enthusiasm and interest in their own pages at this time of the year for a feature they label "Ten Biggest Stories of the Year."

With considerable fanfare they explore the far reaches of their news world, which is, in fact, the entire globe, and list beneath their analytical editorial microscope the stories believed to be the most important in the now waning year.

If I were asked to name just one story I published that was interesting to any person outside the county, it would frustrate me. Since little more than the community of Lemon Grove comes within my purview, and since a small newspaper, such as this, must limit itself, to some degree, to the small events in the life of the people making up the community it serves, I feel qualified, if not called upon, to list ten stories about Lemon Grove that make no particular difference.

Bearing in mind that no one outside of Lemon Grove gives a hang about the stories (and few locally do either) I'll list the stories, not in their relative unimportance, but as they come to mind.

1. In January the local chamber of commerce named a woman as president and spent ensuing months turning down her proposal to hold a community flower show.

2. Congressman James Utt wrote the Review a letter commending the operation and personnel of the Lemon Grove post-office. It was mis-sent to Lemon Cove, California.

3. Ralph Cloyd and John Gibson, candidates for senate and assembly respectively, did belly-floppers from their high political

This is the area to be voted on January 10 when the issue of incorporation is decided. The shaded areas have been excluded. Other sections asking the supervisors for exclusion, were left in.

Lemon Grove city, if favored in the vote, would be five square miles, and would roughly equal the present fire district. No schools would be cut out.

Five councilmen, city clerk, and city treasurer will be voted on. Decision as to manager type of city or not will be resolved along with issue of incorporation.

The Lemon Grove Masonic Lodge became an actuality Saturday, December 18, when the first annual installation of officers was held at the La Mesa Masonic Temple.

Lemon Grove Lodge 736 F. & A. M. officers are as follows: left to right, front row—Lionel Thorogood, senior deacon; John Dail, senior warden; Thomas E. Parsons, worshipful master; Henry G. Jensen, junior warden; Francis L. Patterson, junior deacon. Back row, left to right—Robert F. Housh, senior steward; William E. Rife, P.M. secretary; John R. Gregory, marshal; Paul E. Thibeault, treasurer; Chester T. Hobbs, junior steward; Lewis E. Steiner, teller; Christopher Ferguson, chaplain.

Social Security
Expands Coverage

This is the first of a series of articles to acquaint you with the provisions of the Social Security Act. They have been prepared with the assistance of Dick Spry, field representative of the San Diego district office located at Twelfth and Broadway.

The 1954 amendments to the Social Security Act have made the program's coverage almost universal. The total number to whom retirement and survivors protection will be extended is over ten million. This extension, which will take effect in 1955, will be automatic for almost seven million working people. For another three and three-quarter million workers coverage will be available after January 1, 1955, on the basis of group agreements.

All ranch owners or operators will be included among those covered by social security if their net earnings are over \$400.00. For those farmers whose gross earnings are less than \$1800.00, the new law provides a simplified reporting procedure. It further simplifies the reporting of farm employees by abolishing the requirement to work a qualifying quarter. This means that an additional two million farm workers who could not meet the "regularly-employed" test will be covered. Also abolished was the "regularly-employed" test for household workers, bringing about 250,000 additional domestics under social security. Those performing casual labor (service not in the course of the employer's regular trade or business) are covered on the same basis as domestic workers—\$50 cash wages in a calendar quarter from the same employer.

The professional self-employed people who will be under the program after 1954 are engineers, accountants, architects, and funeral directors. The total number of this group is about 100,000. Still not included under social security are lawyers, dentists, physicians and members of such medical professions as veterinarians, chiropractors and optometrists. Home industrial workers will be covered whether they are licensed or not, bringing about 100,000 more of these workers under the program. And about 50,000 more fishermen employed on boats under ten tons will begin earning social security after 1954. Almost 150,000 federal government employees not under a retirement system will earn social security credit for the first time under the new law.

If a majority agree, about three and a half million state and local government workers who are already under a state or local retirement system may be brought into the program without losing their existing retirement system, at the option of the state. About 250,000 ministers and Christian Science practitioners (except those members of the clergy who have taken the vow of poverty) may bring themselves into the program by filing a certificate indicating their desire to be covered. This coverage is on an optional basis and will apply to ministers whether they are employed or self-employed. In either case, they will be considered self-employed for social security purposes. About 100,000 American citizens who are employed abroad by foreign subsidiaries of American corporations may be brought under the old-age and survivors insurance system at the option of the parent American firm. American citizens who are employed by American employers of vessels and aircraft of foreign registry are covered on a compulsory basis after 1954.

Marriages may be made in heaven, but man is responsible for the maintenance work—CHANGING TIMES.

THE SHOW'S
THE THING!

"River of No Return," at the Grove theater until Sunday, is a highly entertaining movie that stars dashing Robert Mitchum and vivacious Marilyn Monroe! The plot is interesting and the theme song is one to be remembered. The companion feature, "Shanghai Story," stars Edmond O'Brien and Ruth Roman. The main feature for the kids' matinee on Saturday is none other than the slapstick, corn-filled movie titled "Africa Screams," and stars screaming Abbott and Costello.

Sunday, Monday and Tuesday, the Grove theater will feature the cinemascopic, technicolor, MGM musical titled "Brigadoon." It stars Gene Kelly, Cyd Charisse, and Van Johnson. The plot concerns two New York lads, Kelly and Johnson, who become lost while hunting in beautiful Scotland. They happen on Brigadoon on the one day that it is visible—once every 100 years. With nights that are 100 years long, the villagers are in a mood for making merry. Besides that, a wedding is to take place and Gene and Van join in the fun, particularly Gene who gets bit by the love bug over Cyd Charisse hard enough to be willing to join her in the long ago and escape from the hustle and bustle of modern life. It makes for a clever musical! The co-feature is "Gambler from Natchez," stars Dale Robertson and Debra Paget and is a better-than-average western.

Don't forget to drop in every Sunday afternoon at the Grove theater especially around 2 p.m. to see Smokey Rogers and his troupe. Shelly Winters has a lead in "The Left Hand of God." Noah Berry Jr. plays Pancho Villa for Mexican producer Alfonso Sanchez Tello. So many Berrys have played Villa, the Mexican badman soon will be listed as a member of the family. Guy Madison will star in "The Beast of Hollow Mountain." It's an unusual combination of live action and animation in which Guy plays the role of a cowboy who tangles with a prehistoric monster. It is being prepared for the cinemascopic and technicolor treatment.—B. T.

HELIH CADET
CORPS TAKES
HONORS

Helix has taken top place in another activity. This time a Helix cadet, C/2nd Lt. Andy Wyatt, has received top honors at the Leadership School Encampment. Helix was represented at this Battalion. There were 22 California Cadet Corps Units present at Leadership School, representing most of the high schools in this area. In all, 250 students were in attendance.

Lt. Wyatt, who is the Battalion Intelligence Officer, has had an excellent record in the corps. This is his third year, during which he has helped the corps make rapid progress. During this time he has had four promotions, private to private first class, private first class to corporal, corporal to sergeant, and sergeant to second lieutenant.

Leader-Subordinate Relations, Military Organization, Psychological Aspects of Leadership, and eight other courses made up this year's Leadership School Encampment.

To pass and to qualify for Leadership School Ribbons cadets must take all 12 of these courses and attain at least 75% in grade ratings. Lt. Wyatt received the rating of 96.3% out of 100%, more than any other cadet there.

Other cadets receiving high ratings, 90% or more, were: Cadet David Moore, C/Cpl. Robert Easley, and Cadet James Ahern. Not one of the Helix Cadets failed or received an incomplete while some 25 cadets representing 12 other schools did.

Area P-TA Members
To Be on TV

Members of Mt. Helix Council P-TA will be represented on the January 5 television program over Channel 8 at 9 a.m. when the Adult Education Department of Ninth District, CCPT, presents another in its series of programs entitled "Understanding the Teenager." Representatives from elementary schools in the La Mesa-Spring Valley and Lemon Grove School Districts will help make up the audience for the panel discussion dealing with teenage children.

This particular program is the annual "Mail Call" discussion, during which questions submitted by P-TA members throughout the county will be answered by participating discusants. Parents in the La Mesa and Lemon Grove areas who wish to submit questions to the panel are asked to send them now to the Mt. Helix Council president, Mrs. S. K. Solleder, 9820 Alto Dr., La Mesa. Questions submitted early will be given to the program directors for early clearance.

Two types of families are likely to have a house full of antique furniture—the kind with money and the kind with kids—CHANGING TIMES.

PACIFIC FLEET (FHTNC)—Ralph Vitale, commissaryman first class, USN, husband of the former Miss Vivi M. Lancham of 2116 Eldora St., Lemon Grove, receives the Good Conduct Medal from Navy Cdr. W. M. Ousey aboard the destroyer USS Walke.

Vitale was awarded the medal for three years exemplary conduct in the Navy.

SEAMAN MILLER RETURNS
ABOARD USS PIEDMONT

Norman B. Miller, seaman, USN, husband of the former Shirley A. Cooper of 7634 North Ave., of Lemon Grove, is a member of the crew of the destroyer tender USS Piedmont (AD 17) which rendered 126,513 man hours in servicing 213 ships of the United States Pacific and United Nations fleets during the past nine months.

During this tour the Piedmont was flagship for Rear Admiral B. Hall Hanlon, Commander Blockading and Escort Force, Pacific Fleet, operating from Kyushu, the southernmost island of the Japanese home islands.

While in the Far East, the Piedmont visited various ports in Japan and Korea. Among them were Beppu, Kobe and Yokosuka in Japan, and Pusan and Chinhae in Korea.

CHIEF KEYES RETURNS
FROM FAR EAST

Navy Chief Machinist Gordon F. Keyes, husband of Mrs. Doris M. Keyes of 1690 Drexel Dr., Lemon Grove, returned last week aboard the destroyer tender USS Piedmont completing a tour of Far Eastern duty.

While overseas on her fourth cruise since the beginning of Korean hostilities, the Piedmont serviced more than 200 ships of the UN forces. Included were ships from the Canadian, Columbian, Korean and Thai navies, as well as United States.

During her nine month tour in the Far East, the Piedmont was flagship of Commander Blockad-

More Good Things From MAYFAIR In '55

Mrs. Charles Wilson of 8118 Dodie with her 15 month old daughter Deborah gives her youngest child a graphic illustration of what plentiful quantities of good food can do toward helping youngsters grow healthy and hearty.

"There's never any question about the quality of food at Mayfair," she said, "nor is there a question about low price. That's why I buy all my groceries with confidence at Mayfair."

Her husband is a salesman for Standard Stations. They have another child, Robert, three months.

Mrs. H. D. Pendergrass, 2591 Bonita St., whose husband is a retired Navy man, eyes prices, conveniences and freshness of produce as some of the things which attract her to Mayfair. "We've five children and the trips to the market come pretty often," she says.

The kiddies are Kathy Lou 17, Howard 12, Elizabeth 12, Edward 9 and John 6.

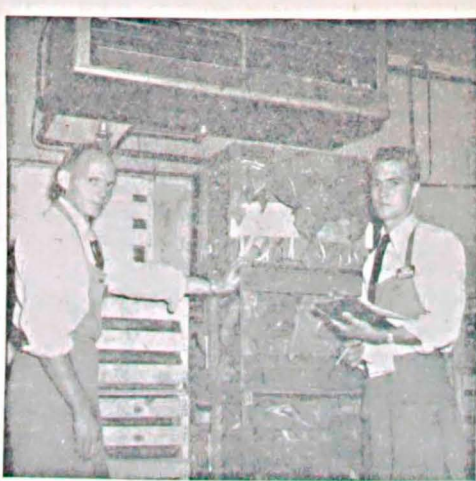

"All the more reason why a low price Mayfair is a welcome blessing to the Lemon Grove scene," she adds.

Nine year old Roger Tilton, whose father is a fire commissioner of the Lemon Grove Fire Department, spends an extra moment or two in the lollipop department at Mayfair.

"Mother lets me shop for her once in a while," he said, "I like it because there are so many things and so much room."

Mr. and Mrs. Paul Tilton, Roger's parents, nod assent to the wise words of their son.

Two Mayfair produce men (above) check in produce taken from a Lemon Grove ranch, a few hours prior to the taking of this picture.

As the old year sweeps out and a new one breaks over the horizon with beams of Peace and Prosperity already showing, we take this opportunity to as individuals and as Mayfair associates, to express our best wishes for a Happy and Prosperous New Year.

We hope too, that you may find the fresher, tastier, more healthful food products at our market, and that your visits here will be as pleasant as we have found your visits with us.

Installation of Rebekah Lodge Officers to Be Held Wednesday

Mesa Jewell Rebekah Lodge No. 409 Independent Order of Odd Fellows, will meet Wednesday at 7 p.m., 8263 La Mesa Blvd., with Mrs. Verda Lyng, Noble Grand, presiding, assisted by the Vice Grand, Mrs. Ima Masters, for the short business session which will complete the year's business of 1954.

At 8 p.m. the sixth installation of officers will be held, the District Deputy President, Mrs. Lorna Harris, assisted by her Marshall, Mrs. Georgia Hunter, and grand officer, Mrs. Carrie Fitzpatrick, Warden; Mrs. Velda Steitz, secretary; Mrs. Pennelle Adams, Treasurer; Mrs. Dorothy Douglas and Mrs. Peggy Jester, Inside and Outside Guardians; Mrs. Violet Higgins, Drill Mistress; Mrs. Lorraine Childress, Color Bearer; Mrs. Augusta Dobbs, Chaplain; Musician, Mrs. Helen Croom.

Drill team members: Louise Moore, Thelma Latson, Clara Harvill, Nola Warden, Naomi Marquis, Denelda Adams, Rosanna Wright, Clara Williams, Oma Riggs, Ruth Black, Oleta Whelan, Helen duLore, Vonda Allsup, Lenette Woodward, Mary Houser, Mae Moss, Bessie Whybro, Ethel Carl, Amelia Smith, Mae Riggs, Gayle Kiscenlore, and Fay Hayes.

Officers for 1955 for Mesa Jewell Lodge to be installed are Mrs. Ima Masters, Noble Grand; Mrs. Madge Huber, Vice Grand; Mrs. Alex Sterling, Hurd, Recording Secretary; Mrs. Mary Odgers, Financial Secretary; Mrs. Velma Hall, Treasurer. Mrs. Verda Lyng will be seated as Junior Past Noble Grand.

Appointive officers: Naomi Marquist, Warden; Mae Moss, Conductor; chaplain, Pennelle Adams; Organist, Stella Eckert; Color Bearer, Mary Jane Gillespie; Inside and Outside Guardians, Eunice Richardson and Toni Rosso; Right and Left Supporters to Noble Grand, Marion Angell and Lola Johnson; Right and Left Supporters to Vice Grand, Margaret Bescek and Lucille Fish; Altar Bearer, Sallie Dietrich, Jean Dalrymple, Olive McCann, and Irene Hoss. Trustees, Dorothy Wilke, Olive McCann and Betty Ritter.

TAX REDUCTIONS SOUGHT BY HIGH SCHOOL BOARD

The Grossmont Union High School Board is seeking to reduce school tax rates by recommending changes in state regulations.

1. Place the state school building program on a straight grant equalization basis—so much for each pupil unhousehold in proportion to bonding capacity of the district.

2. No repayment on a state loan should be required in any year when local bond requirements call for a 40c rate or more.

3. Subsequent bond issues of districts which have participated in state loans should be included in computation of payment on the state loan.

Local legislators, Hegland, Schrade, and Senator Fred Kraft, have promised their support but they will appreciate hearing from interested citizens. Protest by taxpayers will assist our representatives.

tives in Sacramento in their efforts to effect the changes needed to reduce the tax burden.

Excessively high tax rates in the school districts in the suburban San Diego area are caused largely by inequitable and discriminatory provisions governing the state school building fund, the board concluded after studying reports submitted by district administrators. The total tax rate for schools in the western portion of the Grossmont Union High School District ranges from \$3.59 in Lemon Grove to \$4.32 in San Diego. In contrast, San Diego School District taxpayers pay a \$2.19 rate or from \$1.44 to \$2.16 less than in suburban districts.

Most of this differential in taxes may be attributed to the greater assessed valuation per pupil in the San Diego Unified School District, but some advantage, especially in connection with the building program, is gained by the greater size and efficiency of the Unified District.

The San Diego City School District rate for its building program is 3515 while the suburban area ranges from \$1.38 to \$1.70. It is impossible under existing state regulations for a district to participate in the state school building fund and keep the tax rate for debt service within reasonable limits unless the district halts its building program thus to cheat the children of their educational birthright by continuing double sessions.

Warning Given on Investing in Uranium Stock

The boom in penny stocks in such companies as Happy Apache, Desert Queen, King Midas or Happy Jack brings bad shades of '29. But, say the editors of Changing Times, the Kiplinger Magazine, if you must have a financial stake in the atomic energy and uranium business, pause before you take the plunge.

A good many of these companies do own leases and have produced ore. But there are three main things wrong with them as investments.

First, the price of a few cents a share is deceptive. There are usually millions of shares outstanding, and the total amount of money put in by the public is likely to be far above the actual or potential value of the claims.

Second, even if rich ore is found, it will usually turn out in the end that the promoters own the lion's share of the stock, having gotten it at prices far below what the public paid.

Third, most of the companies probably will never acquire the working capital, the efficiency or the ore deposits to earn profits on any permanent basis and the shareholders will eventually lose their money.

There are smarter ways to get a stake in the rich ore of the Western badlands.

Perhaps the best way is to pick a company having financial strength, good management and prosperous business over and above atomic operations and research. Seasoned companies in the oil, mining, chemical, electrical and machinery business are working their way into the atomic field. Or, buy stock in a broad selection of companies. This can be done through an investment trust.

Joseph Doerr Elected President of Foothills Bar Group

The Foothills section of the San Diego County Bar Association at its regular semi-monthly meeting at the Rose Hedge Manor on December 23, 1954, elected officers for the year 1955. Elected as president was F. Joseph Doerr, and secretary, Edwin L. Thacher.

The Foothills section is comprised of lawyers having their offices in the eastern part of the county, consisting of La Mesa, Lemon Grove, Grossmont and El Cajon and membership presently number 21.

Outgoing president, Luther Hussey, cited as accomplishments of the past year, the sponsoring of student tours through the courts and the establishing of a Speakers Bureau. Mr. Hussey further stated that the public is becoming more and more aware of the availability of competent legal as well as medical services in the outlying areas of the county, including the Foothills area.

Each year the Foothills Bar section guides high school civic classes through a court and an actual trial. Through the Association's Speakers Bureau, the member attorneys are available for short talks relating to the law and the courts.

JOBS DESIGNATED IN 1955 POLIO DRIVE SAYS GOLDY

Each club and organization will be asked to take a specific program in the 1955 March of Dimes, it was announced this week by Henry Goldy, Lemon Grove chairman.

"Service clubs are each being asked to undertake definite jobs," he said. "The Lions Club, for example, is distributing the iron lungs and the Kiwanis Club is being asked to handle balloon sales for March of Dimes, and other clubs and other organizations will be fitted into the overall picture as soon as their respective presidents can act upon it."

"Last year Lemon Grove contributed \$5000.00 which was a truly generous amount. This year we shall attempt to exceed that record breaking total," he added. "Of course we will have to do a lot of fancy tricks to accomplish it, but we will do whatever necessary to accomplish it," he concluded.

Spaghetti Dinner To Be Given By Music Parents Club

The Music Parents' Club of Lemon Grove held its regular meeting recently in the Music Room of the Lemon Grove Junior High.

Mrs. John Cornelius, program chairman, presented the Girls' Double Trio, plus one, who sang a group of well loved Christmas carols. The girls, who wore lovely pastel gowns for this occasion, were Celeste Loustelet, Sandra Paixas, Jackie Moulleaux, Anita Brook, Glory Wyman, Sandra Birchell, and Sharon Lane.

It was decided after a lively discussion that a spaghetti dinner will be held January 6, in the school cafeteria. This is to be a benefit dinner, the proceeds of which will be placed in the uniform fund.

The next meeting of the club is on January 3, at 7:30 p.m. in the Music Room.

LOCAL MAN ELECTED TO ACCOUNTANTS INSTITUTE

NEW YORK—William Golumbick, Lemon Grove certified public accountant, has been elected a member of the American Institute of Accountants, national professional society of CPAs.

Mr. Golumbick is associated with the firm of Mattison, Thomas & Lockett in San Diego.

Knitting Classes To Be Offered By Yarn Shop

A class for beginning knitters will be held at the Lemon Grove Yarn Shop, 3455 Imperial Ave., beginning Monday, January 10, it was announced this week by the firm.

Instructions will be free with purchase of yarn. The firm handles a matched dye line of yarns which makes small purchases of perfect matches possible.

Reservations should be made at the shop for dates and hours of instructions.

LOWE FAMILY WINS PLAY HOUSE

Herb and Anna Lowe, who operate a shop at 3321 Imperial Ave., were named winners of the kiddies' playhouse in a drawing Saturday afternoon.

The house, located on the Plaza, but to be moved to the Lowe's residence at 7121 San Miguel, is valued at \$1,500 by the Business Women's League, who had the structure built.

The Lowes have three children to make use of the prize. They are Annette, Jeanette and Herb Jac.

The League will use the proceeds from the event to set in new sprinklers and put in a lawn on the Plaza. Lowes bought 10 tickets.

GASCO ASKS FOR RATE BOOST

The San Diego Gas and Electric Company has filed a request with the Public Utilities Commission for an increase in rates. The company has asked an increase which should average 45 cents a month for city and about \$1.88 per month for rural.

The company pointed out that this is the first such application for electrical increase since 1921. During the 33 year period since, they pointed out, there has been a dozen reductions instituted by the company. A typical bill amounting to \$4.04 in the city of San Diego would become \$4.49 under the proposed rates. A bill for residential service including electrical cooking and water heating in rural areas which now is \$8.48 will be \$10.48 after the increase.

The new rate, according to the company, compares favorably with rates of other electric utilities.

A fact sheet concerning this increase will be sent to anyone requesting it. Communications should be addressed to E. D. Sherwin, president, San Diego Gas and Electric Company.

Addition to Building, New Pipe Lining To Be Water Works Projects

Plans and specifications for an addition to the administration building of the La Mesa, Lemon Grove and Spring Valley Irrigation districts have been prepared and bids on construction of the 450 square foot addition are being taken.

The addition will be on the

Safety Experts Win Scholarships

Achievements in promoting safety earned \$300 college scholarships and expense-paid round trips to the 33rd National 4-H Club Congress in Chicago for these top winners in the 1954 National 4-H Safety Program. The rural scene in the background symbolizes the emphasis placed on highway safety by most of the 486,000 participants in the program, in which General Motors was awards donor for the 10th consecutive year. Talking over their safety projects with R. W. Moore (center), GM Assistant Public Relations Director, are (left to right): Ella Blossom, 18, Hoffman, N. C.; Jack Martin, 20, Gardnerville, Nev.; Ralph Ray Swinford, Jr., 17, Wichita Falls, Texas; Peggy Pfefferkorn, 18, West Friendship, Md.; Norlene Lawson, 19, Kenyon, Minn.; Jim Messerschmitt, 19, Elizabeth, Colo.; Florene Richardson, 17, Cedar City, Utah; and Sara Ellen Phillips, 17, Midville, Ga.

south side of the building on Spring Street, La Mesa, and will be to enlarge the engineering department of the district. It will house the Ozalid and photostat equipment, thus relieving present crowding in both the drafting room and the addressograph room.

The plans were prepared by Clarence Watters, assistant to the general manager of the district, and prospective bidders on the work are invited to contact him. A contract which will result in better flow of water and elimination of discoloration of water in the Lemon Grove and Grossmont areas was approved by the board of directors of the La Mesa, Lemon Grove and Spring Valley Irrigation district Tuesday.

The \$39,659.44 contract with Pipe Linings, Inc., calls for cement lining of two pipe lines. One is a 12-inch line on Golden Avenue, and through Lemon Grove to the district boundary on the west. Second is the 18-inch line on Bancroft from the Eucalyptus Pumping station to Lemon Avenue in La Mesa.

Both lines are 27 years old and increasing leaks would require replacement soon if the cement lining was not done. It is estimated that the lining will extend the life of the pipe at least 20 years.

Meanwhile it stops corrosion and the resultant contribution to discolored water delivered from the lines.

The process also materially increases the amount of water which can be carried in the line, as demonstrated in the cement lining of the district main transmission line last year, increasing the carrying capacity of that vital water line by approximately 20 per cent. This increase is important during the summer months when water demands in the district are greater than the capacity of its one transmission line that brings all water into the district.

Work on the lining is to be completed prior to March 31.

Five Hour Electric Failure Kills Top TV Shows in Area

Lemon Grove suffered five hours of darkness Sunday night when a transformer of the San Diego Gas and Electric Company failed about 5:15.

A short in the transformer at

Chollas Heights was responsible, a spokesman for the company said. A fluttering of voltage followed the shorting out and finally the transformer went out altogether after about an hour. A mobile transformer was brought in and installed, and service was resumed about midnight.

The transformer, which carries 69,000 volts on one side, and 4,000 on the other, is a new one and was not overloaded, the spokesman said.

The equipment will be overhauled, at the manufacturer's expense, and re-installed within a week. The installation will be during the daylight hours and service will not be interrupted.

Most complaints heard locally were due to missing many of the top TV shows.

Job Exams

A group of specialty jobs with the state government will be open in January, the State Personnel Board announced today.

Official titles of the jobs and their monthly salaries include Youth Authority transportation officer, \$341-\$415; livestock disease control inspector, \$325-\$395; prevention of blindness project supervisor, \$613-\$745; radioteletype technician, \$341-\$415 journeyman bookbinder, forwarder and machine operator, starting wage of \$2.96 to \$3.57 per hour, depending on shift worked; associate construction analyst, \$505-\$613; senior construction analyst, \$613-\$745; supervising construction analyst, \$710-\$862.

Applications will be accepted until January 6 for the position of public health dental officer, which pays a starting salary of \$676 to \$782, depending on professional qualifications.

Official application forms and additional information may be obtained at Department of Employment offices on Columbia Street.

Sturdy Shasta Daisy Survives Neglect to Beautify L.G. Gardens

Bedding plants are generally thought of as rather fragile members of the plant kingdom that are chiefly used to supply quick color to the garden. While many of the popular bedding plants would fit into this classification, there are some that are as rugged and long-lived as many of the shrubs and trees. One of these that is highly recommended in Lemon Grove is the Shasta Daisy.

SHASTA DAISY

—an oldtime favorite that still deserves planting space in many of today's gardens. In making this recommendation, thought is given to the many fine hybrids that have been developed as well as the old single form that is still handled as a standard bedding plant.

There has been a wide array of new hybrids developed in the past few years in the shasta daisy family, but the two most popular still seem to be the Esther Reed and the Morconi hybrids. Others may have better form and longer stems but these two have a popular combination of price appeal and quality that makes them the top sellers of the Shasta Daisy family. The Esther Reed is a fine fully double daisy with a mound of short white petals completely filling in the center of the bloom. It is obtained from divisions of the parent stock and comes true to form. Bloom is present most of the year except during the winter with a heavy peak of bloom that usually, conveniently coincides with Memorial Day.

NOTICE TO BIDDERS
The Grossmont Union High School District will receive bids on Miscellaneous Supplies and Equipment for:
Automotive, Books, Periodicals & Library, Building Materials, Cafeteria & Home Economics, Custodial, Electrical, Furniture, Gardening and Grounds, Health, Instructional, Industrial Arts, Musical, Office Machines, Salvage, Laundry Service and Tire Recapping.
Each bid shall be submitted on a form obtained at the Purchasing Department, Grossmont Union High School District, Grossmont, California; shall be sealed and filed in said Purchasing Department on or before 2:30 P.M. on January 6, 1955.

and will be publicly opened, and read aloud at that time and place.
The Grossmont Union High School District reserves the right to reject any or all bids, to accept or reject any one or more items of a bid or to waive any irregularities or informalities in the bids or in the bidding.

Preference will be made in the award for California-made supplies, pursuant to Sections 4330 to 4334, inclusive, Government Code.
No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.
GROSSMONT UNION HIGH SCHOOL DISTRICT
Harold G. Hughes, Asst. Supt.

L. G. Review, Dec. 30, 1954

The Marconi Daisy is usually obtained from divisions but is also grown from seed and is then offered at a bargain price. Such plants will bloom double in the second year although sometimes they come completely single in the first year of bloom. It is a strong growing, long-stemmed, semi-double daisy with huge fringed guard petals.

For the fancier, there are many other hybrids at substantially higher prices that are available usually as container grown plants in gallon cans or pots. And for the home owner with a large area to be planted there is a more reasonable Shasta Daisy to be found.

With pure white petals surrounding a heart of pure golden

Lung Portrait

Tuberculosis usually attacks the lungs, although it can and does attack any part of the body. This X-ray photo reveals an early case of TB. Funds raised in the Christmas Seal Sale now being conducted by the tuberculosis associations are used to help support chest X-ray surveys to find TB.

NOTICE TO BIDDERS
The Grossmont Union High School District will receive bids on Miscellaneous Supplies and Equipment for:
Automotive, Books, Periodicals & Library, Building Materials, Cafeteria & Home Economics, Custodial, Electrical, Furniture, Gardening and Grounds, Health, Instructional, Industrial Arts, Musical, Office Machines, Salvage, Laundry Service and Tire Recapping.
Each bid shall be submitted on a form obtained at the Purchasing Department, Grossmont Union High School District, Grossmont, California; shall be sealed and filed in said Purchasing Department on or before 2:30 P.M. on January 6, 1955.

and will be publicly opened, and read aloud at that time and place.
The Grossmont Union High School District reserves the right to reject any or all bids, to accept or reject any one or more items of a bid or to waive any irregularities or informalities in the bids or in the bidding.

Preference will be made in the award for California-made supplies, pursuant to Sections 4330 to 4334, inclusive, Government Code.
No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.
GROSSMONT UNION HIGH SCHOOL DISTRICT
Harold G. Hughes, Asst. Supt.

CERTIFICATE OF BUSINESS FICTITIOUS FIRM NAME

The undersigned do hereby certify that they, NORMAN R. FLANNERY and GEORGE R. PICKAS are conducting a general tire business at 7319 Broadway, in the community of Lemon Grove, County of San Diego, California, under the fictitious firm name of LEMON GROVE TIRE CO., and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

NORMAN R. FLANNERY, 4170 Bancroft, San Diego, California;
GEORGE R. PICKAS, 4812 Lyon, San Diego, California.
Witness our hands this 22nd day of December, 1954.
(signed) Norman R. Flannery
George R. Pickas,
County of San Diego, 1 ss.
On December 22, 1954, before me, the undersigned, a Notary Public in and for said County and State, personally appeared Norman R. Flannery and George R. Pickas known to me to be the persons whose names are subscribed to the within instrument and acknowledged that they executed the same.

WITNESS my hand and official seal.
(Seal) Roy L. Davis
Notary Public in and for said County and State.

L. G. Review, Dec. 30, 1954

yellow, the sturdy Shasta Daisy is a hardy plant indeed and serves many uses in the garden. Primarily it has merit for those areas that are subject to heat and periods of drought. It will withstand an amazing amount of abuse. A period of years can pass before division of the planting is necessary and little care and attention is required. Shasta Daisy is almost lacking in need for care. Spraying, fertilizing, pruning and cultivating are almost unneeded as this family of plant is rugged.

"Selfish" Oil Titan Gives Millions Away

Hardly anybody blinked an eye when Hugh Roy Cullen gave two and a quarter million dollars to the University of Houston last winter. Hardly anybody in Texas, anyway.

This big-hearted, impulsive, outspoken, ruggedly individualistic oil millionaire has given away over \$100,000,000. In one 48-hour period he gave over a million dollars to each of four separate hospitals, setting an all-time record in generosity. And in 1947, he set up the Cullen Foundation to dispense his wealth in systematic if somewhat overwhelming fashion.

"My wife and I are pretty selfish about our giving," he explained recently. "We want to see our money spent while we're still alive, so we can enjoy the spending." The story of what one newspaperman called "the biggest heart in Texas" is told in a new book, "Hugh Roy Cullen, A Story of American Opportunity."

Cullen acquired his wealth as a wildcatter in oil, starting from scratch, with little more than courage, faith, obstinacy and uncanny instinct. His philanthropies started early in life. "I've always wanted to help people," he says. "I guess I was as eager to help people when I was poor as I am now. It is my conviction that unless a man is generous to begin with, the richer he gets the tighter he gets." Years of hard work and determination made Cullen the uncrowned king of the wildcaters, a legend in his own time. By his middle years, still drilling vigorously, his unbounded wealth was matched by his unstinting philanthropies, since he felt that the riches he had extracted from American soil should be used to serve the needs of his less fortunate fellow-citizens.

As Speaker of the House Joseph Martin commented on his absorbing life story, "The story of Hugh Roy Cullen should be required reading for any pessimists who believe that America is a nation of vanishing horizons. . . . As long as our country produces men of the character of Roy Cullen, it will go forward."

Plant a few shasta daisy to find out how simple gardening can really be with selected bedding plants.

Seaman Lamoreaux Back from East

La Vell E. Lamoreaux, seaman, USN, son of Mrs. Edna Lamoreaux, 7150 Broadway, is back home after completing a seven month tour of duty in the Far East aboard his ship, the USS S.

N. Moore.

While in the Western Pacific area Lamoreaux's ship was a unit of the U. S. Seventh Fleet. Flagship for the division, Destroyer Division 82, is the USS Maddox.

Would you like fresh orange juice delivered with the morning milk? You can get this service in some cities, and more will have it soon. New processes for packing fresh juice without freezing or canning have been developed. The juice stays fresh for two months under proper cold storage and for two weeks in the home refrigerator. It costs a little more than milk.—CHANGING TIMES.

A HOUSE IS NOT A HOME!
It costs no more to build or remodel with ingenuity. Usually, the cost is lower than some of the pedestrian work you've seen.

If you want a home . . . your home . . . tailored to you, start first with a reputable home draftsman.

I CORRESPOND WITH PRESIDENTS

By BOB TURNBULL

"We have faith in the American people," stated Syngman Rhee, president of South Korea, in a personal letter to me.

To me, out of his entire message, the above statement stood out from the rest. The letter was both personal and inspiring, showing true, straight from the shoulder feelings of a president whose country has been ruthlessly war-torn by invading communists.

Wanting to know the real facts I decided to write directly to President Rhee and find out for myself the real way he thought of the communist situation. Here is the entire text of his reply:

"I have received your kind letter and thank you for it. You want assurance that the future has many bright spots. I am confident that it has, because of young, enterprising, serious-minded students like you, concerned with world affairs and with making a better world. There are dark days ahead also, but if we face them with courage and do not abandon our principles we shall win the ultimate victory.

"Our country has a good friend in the United States and this close relationship springs from Korea's determination to become a great democracy and to turn back the tide of communist aggression that threatens the Free World. Although at times the United States appears preoccupied with other problems, we are fighting the same fight and helping each other. We may appear impatient at times, because the communists gain strength while our allies procrastinate, but let me assure you that we are grateful for all that has been done for us and understand the obstacles United States officials face. We have faith in the American people.

"I close with sincere wishes that you and your fellow students experience the happiness that comes from bearing a full share of responsibility in a healthy democracy." And with that he signed his name, Syngman Rhee. I feel honored that a president in a country that is in constant threat of a renewed invasion would take time out of his busy schedule to reply to me! I feel it's only fair that the people of Lemon Grove should know how this elderly gentleman feels and thinks! Now we can fully appreciate and understand his plight.

(Next week: An interesting letter from a rebel dictator who recently gun-battled his way into office.)

HUMAN NO MATCH FOR TON AND A HALF AUTO SAYS SAFETY CHIEF

"After all, pedestrians are people. So give them a break in traffic."

In these words Fred H. Rohr, San Diego County Traffic Safety Council president, today appealed to motorists to do their share in making the council's current pedestrian safety program a success.

"Any effective pedestrian safety program must have the whole-

hearted cooperation of both motorists and walkers," Rohr said.

He reminded motorists that even when the heedless conduct of walkers puts a driver in a spot, the driver is not justified in retaliating.

"Remember," he said, "the odds always favor the motorist. A human being is no match for a 3,000 pound vehicle."

Rohr believes most drivers and walkers display a cooperative attitude in traffic. No pedestrian, he said, deliberately gets run over, nor does a driver run a pedestrian down with malice aforethought.

Thirty-four pedestrians have been killed in San Diego County traffic accidents since the first of the year, an increase of three over 1953, Rohr pointed out.

He called on drivers to be extra careful near schools, playgrounds, residential districts and shopping areas. Reduced visibility, occasional wet and slick streets, and more hours of darkness add to the usual hazards, calling for greater alertness and caution by both drivers and pedestrians, Rohr said.

AUTO CLUB ANNOUNCES NEW BUILDING PLANS

Plans to move the East San Diego district office of the Automobile Club of Southern California which serves Lemon Grove into a new building were announced this week by Bernard L. Pace, district manager.

The new building will be located on El Cajon Boulevard between 72 and 73 streets.

Pace said construction is scheduled to start mid-December, weather permitting, and should be completed by April 1.

The new building, to be designed by architect Frank L. Hope and Associates, San Diego, will be a one-story structure, cover 2700 square feet of floor space and also provide off-street parking, the district manager said.

The present East San Diego office is located at 3729 El Cajon Boulevard.

ERNEST DABNER IS ABOARD THE MISSISSIPPI

ATLANTIC FLEET—Ernest R. Dabner, commissaryman seaman, USN, son of Mrs. Essie Luhrs of 8236 Mount Vernon, Lemon Grove, is aboard the experimental gunnery ship USS Mississippi.

The Mississippi recently participated in the first use by the fleet of the Navy's new anti-aircraft weapon, the supersonic guided missile "Terrier."

Tested aboard the Mississippi since 1953, "Terrier" was the star performer in the air defense phase of the Atlantic Fleet's largest fleet postwar exercise, LANTFLEX, which was completed November 20.

The 37-year-old ex-battleship, the oldest ship presently in use by the Navy, has been used as an experimental gunnery ship since 1947.

Mary Eliot Mower, Pasadena—"May I suggest that we give the smog in various towns men's names because it is stubborn—for instance, Pasadena Paul."

Morris Nunez, 7884 Lester St., eighth grade student at the Lemon Grove Junior High, received further honors last week when a representative from the San Diego Union and Tribune newspapers presented him with the state award given annually to an outstanding newspaper carrier. Morris, who previously received the local area award from the papers, was given the state honor at a special assembly program on December 14 following the matinee of the Christmas Pageant.

Some months ago Nunez spotted a fire in a Broadway establishment and reported the fire immediately. Through this prompt action a residence and possibly a life was saved, and because of his public service Morris Nunez has been recognized as a newsworthy outstanding alertness.

Throwin' The Bull

By Bob Turnbull

It's a Joke, Son! . . . The moon not only pulls the oceans back and forth; it stops cars on the side roads.

Line-Up . . . At an off-hand glance I'd say Helix High School's first-string varsity football squad for '55 will be thusly: Left end, Dick Cunningham, 6 feet, 160 pounds; left tackle, Ron Svalstad, 6 feet 3 inches, 194 pounds; left guard, Keith Havens, 6 feet, 161; center, David Conner, 6 feet 4 inches, 197; right guard, Allen Newton, 6 feet, 169; right tackle, Bob Turpin, 6 feet 5 inches, 192; right end, Gael Barsotti, 6 feet 2 inches, 181; quarterback, Gary Dunn, 5 feet 10 1/2 inches, 166; left half, Dave Olson, 5 feet 8 1/2 inches, 140; right half, Ernie Miller, 6 feet, 158; fullback, John Bates, 6 feet 3 inches, 193 pounds. Helix's line average will be 179 pounds per man, and the backfield beef will add up to 164. Other individual standouts to watch for are tackle Mel Robinson, 6 feet 5 inches, 214; quarterback Bob Schultz, 6 feet, 184; center Jim Waddle, 6 feet 2 inches, 158; tackle Tom Simmons,

5 feet 7 inches, 194 and tackle Glen Peck, 5 feet 9 1/2 inches, 196 pounds. Helix will do pretty good, too!

Holiday Ball . . . Ever try to do the numerous mamboes or jitters with 7,498 other teenagers clobbering you? Did you ever get lost in a swirl of formal or have to sweat it out for hours in a stuffy suit? Well, I can safely say that I'm not over-exaggerating about the following gals and their dates who literally "fought" themselves into the Mission Beach Ballroom to dance to the annual Hi-Debber Holiday Ball! Some of our familiar faces were Chloe Barkdull and Gene Ackert, Diane Tweed and Bob Turnbull, Merion Moulton and Steve Skinner, Sherry Hogue and Dave Crawford, Elsa Haubensak and Dick Crawford, Patsy Burke and Neely Westinberger, Sue Bledsoe and Wayne Sweetwood, Pat VanDervoort and Jim Terry, Shirley Kuhn and Larry Westfall, Leilani Rose and Cedric Jordan, Bobby Sabie and Derald Catlain, Sally Culver and Carlos Fackrell, Betty Jo Soderberg and John Jennings, Ann Waincott and Jim Parsons, Marlene Jones and Dick Conde, Linda Gall and Jim Kjolene, Carrie Boyd and Sonny Beyer, Pat Adams and

Bob Gustafson, and many, many others!

So I Hear . . . The Bunner family of Lemon Grove is still mending following an auto accident in La Mesa . . . Miss Valerie Hoard is engaged to Midshipman Bill Anders. A June wedding is planned for Bill and his bride-elect, who is an alumna of Highlandville! . . . Miss Letha Dial is planning a late summer wedding with Ted Gimble. La Dial is a grad of Helix . . . Private Robert Dean, '54 Helix graduate, was recently selected as the outstanding private of the guard in the Sixth Armored Division at Ft. Wood. . . Congrats to Carol Youngblood who won the "I Speak for Democracy" award some time back in the Helix Little Theater. Carol received a \$100 scholarship for her efforts. . . "It is more blessed to give than to receive." (Acts 20: 35). . . For formation flying training at Pensacola, Florida, is Lemon Grove's own Cadet Bill Weiden!

Sport Flashes . . . In my personal estimation I think it would be smart if various U. S. magazines, newspapers, coaches, sports-writers, etc., would wait until the end of December before announcing the All-American grid selection.

To our many friends of this community.

Continued from Front page
platform, the splash of which dampened the political prestige, but not the ardor of the editor of this newspaper.

4. Lemon Grove Men's Club named Harry Griffen chairman of a committee for laying a centerline and equalizing setbacks along Broadway. He turned up with a comprehensive map and then extended the sidewalks of his Broadway buildings two feet toward the setback area.

5. Kiwanis Club trounced the Lions to the tune of about 83-2 in third annual renewal of the Lemon Grove Service Club World Series, again proving that veneration of age transcends considerations of fallow youth.

6. A hardy group of hardshell "regulars" who could fly the banner "Come weal—come weal, my status is quo" aroused anyone who would listen to the cause of defeating incorporation of Lemon Grove into a sixth class city.

7. The Review attached a one dollar bill to a sheaf of papers and started it through the business community, to show, as each merchant signed it, how many times a dollar turns over if kept local. Some crook stole it the second day out.

8. Redoubtable patrolman Hal Johnson nailed an intruder taking the \$105 contents from Pal's Cafe during the wee hours of the morning. For additional evidence, the suspect and the \$105 taken from his pocket were photographed with the mooala on the bar. Shakedown later by the sheriff's department brought forth another \$25 from the yegg. Re-count of the money which was photographed revealed a \$25 shortage.

9. The Review won a small victory in its two year battle with the State Department of Motor Vehicles when the local office agreed to remain open evenings by appointment. However, the Review, upon applying for registering and relicensing of an auto during the department's regular open hours, found after waiting in line 35 minutes, that it had (1. Signed the wrong papers, (2. Brought two forms not required, left two proper ones at home.

10. George Scott, president of Walker Scott Department Store, told a capacity crowd of interested business people about his proposed multi-million dollar shopping center to be built on College, near Broadway. "Give value and service, and don't fear competition," he admonished. A month later he could heed his own advice. A competitive center was announced for the 54th and Federal area, hardly two miles from the site of Scott's project.

can get a better deal for less money by incorporating."

Lester A. Peters of 3737 Grove St. believes the election for incorporation will succeed. "There are enough progressive minded people in Lemon Grove to see it through," he said. "These people see the need for better things for the city and they'll pass the issue."

Mrs. C. O. Johnson, 7572 Waite Dr., believes the community will incorporate. "It will succeed," she says, "because Lemon Grove is growing so fast that a plan is mandatory. I think we can get good city government by being governed by a group of our own residents."

M. L. Pryor, 2555 Cypress Ave., wants incorporation to pass. "We need the improvements that incorporation offers," he said. "We can get better protection from the basic service groups such as better police protection and an extended fire protection service. Street lights would help in this respect."

A Navy hunter-killer unit consists of aircraft and destroyers—planes to seek out enemy submarines, and destroyers to sink them.

The Navy has more than 180 of the world's most distinguished scientists, including 10 Nobel Prize winners, in its advanced research.

TODAY'S MEDITATION
Read Philippians 2:5-13.
First a willing mind. (II Corinthians 8:12.)

Our praying is of little value if we have closed minds. When our ideas are set, our conclusions reached, and our opinions considered final, the will of God becomes meaningless for our lives.

NOTICE OF PROPOSED CHANGE OF ZONE BOUNDARIES OR CLASSIFICATION

(Lemon Grove Zoning District)
NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of San Diego will hold a hearing on Tuesday, January 11, 1955, at 2:00 p.m., in Room 310 San Diego City and County Administration Building Civic Center, San Diego, California, on the application of Jackson M. and Mary E. Ammons for an amendment to The Zoning Ordinance (County Ordinance No. 1402 (New Series)) to change the zone classification of the following-described property within District No. 12, Lemon Grove Section, San Diego County, from a C-1 zone to a C zone:

Lot 1 and the southerly 22' of Lot 2 of Lot No. 15 of Subdivision of Lots Nos. 6 and 15 of Subdivision No. 3 of Lot No. 12 of Ex Mission Rancho according to Map thereof No. 1137 on file in the office of the County Recorder of said County of San Diego;

and to change the zone classification of the following-described property within said District No. 12, Lemon Grove Section, from an R-2-A zone to a C zone: Lot 2 of Lot No. 15 of Subdivision of Lots Nos. 6 and 15 of Subdivision No. 3 of Lot No. 12 of Ex Mission Rancho according to Map thereof No. 1137 (except the southerly 22' thereof).

The County Planning Commission, after making the investigation and holding the hearing required by law, has recommended that said application be granted.

For further details reference is hereby made to the application, the recommendation of the County Planning Commission, including a proposed amendatory ordinance submitted by said Commission, and a map showing the proposed change, which are on file in the office of the Clerk of the Board of Supervisors, Room 308 of said San Diego City and County Administration Building.

R. B. JAMES, County Clerk and ex officio Clerk of the Board of Supervisors.

The Christian's purpose in praying is to bend his own will to the will of God.

One day in a young adult Sunday school class the teacher mentioned how our gifts of money to the church are an expression of our belief in the church and our concern for its work. Quickly one of the young men spoke up and said that what he gave had nothing to do with his beliefs and nothing to do with his interest in the church. It may well have been the truth. But any efforts

on the part of the teacher to bring him to accept a larger meaning of stewardship failed. Why? Because the young man was sure he knew the answer, his opinion was final, his mind was closed.

Vital, meaningful praying is the result of open, receptive minds. God reaches our lives when entrance to our hearts is freely given.

Prayer
"Our Father, we thank Thee that we can possess childlike faith—faith to recognize our blessings as gifts of Thine, faith to accept Thy will for our lives, faith to call upon Thee, for strength and help. Through Christ, our Lord, who teaches us to pray, "Our Father, who art in heaven. . . Amen."

Thought for the Day
Through prayer we yield our will to God's.

CHILD WELFARE SPECIALISTS SOUGHT FOR STATE POSTS

Child welfare specialist positions in the state's adoption and licensing program are now open to application, the State Personnel Board announced today.

Two years of graduate study in an accredited school of social work or one year of graduate study and two years of social casework experience may qualify applicants for child welfare program specialist I. Monthly salary

The Passing Scene

by Vip

"How many pedestrians have you bagged?"

range is \$341 to \$415.

Men and women with a year of graduate study and one year of social work experience in an administrative, supervisory or consultative capacity in the field of child or family welfare are eligible for child welfare program specialist II, which has a salary range of \$415 to \$505. Those with three years' experience will be admitted to an examination for child welfare program specialist III, which pays

\$481 to \$584.

A nationwide examination for psychiatric social workers, with an application deadline of February 11, was also announced by the board. Starting salary ranges from \$325 to \$438, depending on qualifications.

Official application forms and additional information may be obtained at Department of Employment offices on Columbia St.
